

Cleveland Heights Named  
a Bronze Level Bicycle  
Friendly Community  
by the League  
of American Bicyclists

Cleveland Heights has received a Bronze award by the League of American Bicyclists in the latest round of Bicycle Friendly Community (BFC) awards.

“Cleveland Heights is playing a critical part in creating a truly Bicycle Friendly America,” said Andy Clarke, President of the League of American Bicyclists. “We know Cleveland Heights’ investment in bicycling will be returned many times over in the health, environmental, and quality of life benefits of a thriving community.”

The BFC program is transforming the way communities evaluate their quality of life, sustainability and transportation networks, while allowing them to benchmark their progress toward improving their bicycle friendliness. With this impressive round, there are now 291 BFCs in 48 states across America. The Bronze level BFC award recognizes Cleveland Heights’ commitment to improving conditions for bicycling through investment in bicycling promotion, education programs, infrastructure and pro-bicycling policies.

Mayor Edward Kelley stated, “Our community has always been committed to health and fitness and protecting our environment. In 2010, we received a BFC honorable mention. This encouraged us to move forward with collaboration between the City, the Cleveland Heights-University Heights School District and the Heights Bicycle Coalition to improve our town as more bicycle friendly. Councilwoman Mary Dunbar led the effort and the dedication of all involved brought us to the Bronze designation.” Kelley continued, “Our commitment is ongoing. Before the end of this year, Cleveland Heights will have a Transportation Advisory Committee comprised of citizens and staff who will advise on transportation alternatives. In addition, we are completing School Travel Plans for representative schools so that we can pursue Safe Routes to School initiatives. This will encourage our young people to learn the health and environmental benefits of walking or biking to school.”

The BFC program provides a roadmap to building a Bicycle Friendly Community and the application has become a rigorous and an educational tool in itself. Since its inception, more than 500 distinct communities have applied and the five levels of the award – diamond, platinum, gold, silver and bronze – provide a clear incentive for communities to continuously improve.

Shop Locally This Holiday Season

Cleveland Heights is fortunate to have a number of local independent businesses, stores and restaurants. This holiday season – and throughout the year – think and shop locally! Money spent at our local businesses is reinvested in our community and helps our city to maintain its unique appeal. Visit the shops in our commercial districts and you’ll be sure to find just what you’re looking for!

## Important Fire Department Reminder

**Carbon Monoxide (CO)**, a colorless, tasteless and odorless gas, kills hundreds of people in the United States each year. Most of these fatalities are readily preventable. Carbon monoxide is produced by the incomplete combustion of fuel-burning appliances – often poorly maintained appliances. In and around your home, the most frequent contributors of CO include furnaces, hot water tanks, gas ovens and fireplaces. Vehicles left idling in garages or next to a building frequently cause high indoor CO levels. Carbon monoxide detectors can warn of the presence of CO, but they are not a substitute for properly operating fuel-burning appliances. Regularly scheduled maintenance of your fuel-burning appliances is your **best** protection against the very real dangers of carbon monoxide poisoning.

## An Evening to Remember Dr. Martin Luther King, Jr.

All residents are encouraged to attend the 16<sup>th</sup> annual Celebration of the Life and Legacy of Dr. Martin Luther King, Jr, which will take place **Wednesday, January 15, 2014, 7:00 pm at the Cleveland Heights Community Center**, Monticello Boulevard at Mayfield Road. The event will feature music and student winners from our MLK art, essay and poetry contests.

This year's question is: *"If Dr. Martin Luther King, Jr. were still with us, what advice would he have for you and how would you follow it?"* The deadline to have your child enter is Wednesday, January 8, 2014.

For more information, call Community Relations, **216-291-2323**.

# Community Improvement Awards

The 38<sup>th</sup> annual Community Improvement Awards (CIA), a proud Cleveland Heights tradition, was held October 3 and honored individual homeowners, businesses and organizations that have worked to improve and maintain their properties and contribute to the vitality and beauty of our city. In this issue of FOCUS, we present the commercial and business winners. The CIA residential winners, the Historic Preservation Award winner and the Tender Loving Care honorees will be featured in the spring issue. In the meantime, you can see a photo exhibit of all the winning properties the next time you visit City Hall. Photos may also be seen on the City's website, [www.clevelandheights.com](http://www.clevelandheights.com), and on the City's Facebook page.

Congratulations to these Community Improvement Award winners:

# Easier than ever to recycle – all in one blue bag!

Recycling in Cleveland Heights has never been easier! All recyclables may now be comingled, which means that **glass, metal, plastics and PAPER** may now be recycled in the **same blue recycling bag!**

The City accepts the following for recycling:

- Glass bottles and jars
- Food and beverage cans
- Metal lids
- Aerosol cans
- Clean aluminum foil or pie pans
- Plastic bottles and containers #1-#7
- Paper products: newspaper; catalogs, magazines, glossy ad inserts; office, computer, school paper; phone books; books; corrugated cardboard; box board (cereal boxes, etc.); gift, shoe and toy boxes; greeting cards, giftwrap (no foil); corrugated cardboard

If you wish, you may still recycle paper and cardboard products by placing the items in a paper bag, a corrugated box or by bundling them with twine.

Place your recyclables on your tree lawn a few feet away from your refuse. Be sure to have them out before 7:00 am on your collection day, but not before 7:00 pm the evening before. Visit [www.clevelandheights.com](http://www.clevelandheights.com) for more information on recycling.

## Leaf Collection

Loose leaf collection was conducted from October 28 to November 29. Leaves will now be collected **only when placed in paper Kraft bags** (available at City Hall, the Community Center and area stores) and set out with your regular refuse and recyclables.

- **Do not place leaves and yard waste in plastic bags** as they will not be picked up.
- The bags should be placed on your tree lawn no earlier than 7:00 pm the evening before the day of your collection, but always before 7:00 am on the collection day.

## Christmas Tree Disposal

Live Christmas trees will be collected **December 26 through January 31**. The Christmas tree recycling program offers residents an easy and environmentally sensitive way to dispose of their live trees. All trees are chipped; so, to avoid damage to our equipment, please remove **all decorations, wire, nails, stands and bags from the tree. Trees in plastic bags or flocked trees cannot be recycled**. The trees will be picked up from your tree lawn normally on your regular collection day, depending on the volume of trees on that particular day. Please note that collection could be delayed due to winter weather. Snow and ice operations have priority over tree collection.

## Storm Water Management System

The City of Cleveland Heights, rich in natural streams and waterways, continues to be committed to addressing Storm Water Management to make sure our waterways are environmentally clean. The City follows Environmental Protection Agency guidelines, including public education and participation, eliminating sanitary discharges into the storm water system, maintaining proper inspections on construction sites and adhering to Best Management Practices concerning sanitary and storm sewers. Visit [www.clevelandheights.com/stormwater](http://www.clevelandheights.com/stormwater) for the 2013 update.
