I. INTRODUCTION

The City of Cleveland Heights is seeking proposals from qualified firms to develop a comprehensive Public Art Plan for the Noble & South Taylor Road Business Districts that reflects their values, fosters creative expression, and enhances public spaces.

BACKGROUND

The City of Cleveland Heights, Ohio (the “City”) is an inner ring suburb of the City of Cleveland. With a current population of 45,312, Cleveland Heights is the 20th largest city in the State of Ohio and the 9th densest. Among the characteristics that make Cleveland Heights a place where “All are Welcome” are its 12 business districts and diverse and historic residential neighborhoods. Highlighted by Cain Park and many professional and amateur arts organizations, Cleveland Heights has prided itself as a “Home to the Arts”.

PROJECT INTENT AND PURPOSE

Among the City's business districts, two (2) have begun to emerge with recent efforts to organize merchants associations: 1) Noble Road (from Warrensville Center Road north to the East Cleveland border) and 2) South Taylor Road (from Mayfield Road south to Cedarbrook Road). Beyond typical merchant-related activities, each district desires to create a better sense of “place” and celebrate their unique characteristics. Among the techniques to enhance these districts and to continue to build Cleveland Heights as a Home to the Arts, public art has been identified as key to their success. To that end, the City is seeking proposals from individuals or firms to prepare a Public Art Plan for these two (2) emerging business districts within the City.

The purpose of this Plan will be to:

- Engage with the public and stakeholders regarding public art within the two (2) districts;

- Based upon that engagement, identify potential opportunities for, and potential types of public art;
- Provide cost estimates for implementation and installation;
- Provide guidelines for implementation and maintenance; and
- Establish a framework for artist selection

This initiative aims to establish a cohesive vision that integrates public art into the fabric of each of the Noble and South Taylor business districts. This Plan should also consider how the City's investment in public art can be a vehicle for addressing the City's economic, sustainability and placemaking goals. The plan should be visionary yet practical, with a focus on inclusivity, engagement, and sustainable art practices. The selected firm will work closely with city officials, community stakeholders, and local artists to develop a Public Art Plan that will shape the public art landscape in these two (2) districts for the next 5-15 years.

RFP INFORMATION

One (1) electronic version of the proposal shall be received by the City no later than **March 9, 2026 at 5:00 PM**. The required electronic version of the proposal must be emailed to planning@clevelandheights.gov.

If an applicant chooses to submit hard copies in addition to the electronic copy, it should be mailed or hand delivered (to the dropbox outside of City Hall) to:
