

- **Written description of conditional use or project being proposed and how it will comply with the standards.**

Our mission is to provide parents a safe in home childcare center for children ages 6 months to 12 years old at a ratio of 6 children at one time, during the business work week Monday thru Friday from 6:30am to 6:30pm. In addition to childcare we will provide a "Kids Night Out" to our families every other Saturday between the hours of 4pm to 9pm. Our program is consistent with the National Education School Readiness goals to contribute to each child's success as they prepare for kindergarten. We strive to provide a safe environment for children to learn, experience new opportunities, nutritional meals and reliable service from caregivers who are CDA certified with CPR, FIRST AID, and COMMUNICABLE DISEASE training. Our program will provide a healthy balanced meal during breakfast, lunch and snack. All basic utility needs will be met gas, electricity, water and sewer will be on at all time. Any damages to the home will be immediately repaired and all state and city guidelines will be met while occupying this residence and providing in home childcare for our families. To make sure that all children stay on premises there will be orange cones and bushes that divide the area in which the children can and can not go. We will maintain the noise level so it will not be a disturbance to our neighbors. The children will be supervised at all time and will not be allowed in the front of the residence under no circumstance. During drop off and pick up of the children parents will pull into the drive way and park, avoiding street traffic. We further more will implement all general standards for conditional uses as it applies to our business and our business plan.
