RESOLUTION NO. 62-2021 (AS), *Second Reading*

WHEREAS, climate changes have been observed in Ohio and have the potential to negatively impact local, regional and state economies, infrastructure development, drinking water supplies and recreational opportunities; and

WHEREAS, Power a Clean Future Ohio assists in facilitating technical assistance for the implementation of these carbon reduction policies; and

WHEREAS, the Power a Clean Future Ohio provides cost-effective sustainable development policies in the following four categories: (1) Renewable Energy; (2) Energy Efficiency; (3) Transportation Electrification; and (4) Land Use.
